OF PROPOSALS ON A1 LICENSING ROUND**

The Government of The Gambia, through the Petroleum Commission, has launched a Licensing Round, for the A1 Block, on the 7th of February 2022.

Since the launch of the Licensing Round, we have received a number of requests to extend the deadline for the submission of proposals, which is scheduled for 6th June 2022. The Government welcomes these requests and acknowledges the need of many companies to have more time to finalize and submit their proposals.

Therefore, the Government hereby extends the deadline for submission of proposals to 17:00 (local Gambia time) on 6th September, 2022. By this date, all proposals must be submitted in accordance with the requirements of the RFP document which was uploaded and available for download on www.mope.gm.
